

National % Frequency of Marking Codes, by Question

This report shows the national frequency of marking codes for each test. You may print this report and keep it for reference (e.g. to compare with the frequency of marking codes for your class).

Marking code **1** indicates a correct response

Marking codes **3** to **6** indicate Diagnostic Error Codes (see the Test Manual for details)

Marking code **9** indicates miscellaneous errors

Marking code **0** indicates the question was not attempted
